**07.09.2020**

**Notification**

As per provisions of under the “Karnataka Conduct of Entrance Test for Selection and Admission to Post Graduate Medical and Dental Degree and Diploma Courses (Amendment) Rules 2006”.

The following are the steps which will be followed for allotment of Government Service

- i. The link for option / priority entry for Government Service Counseling shall be published on website.
- ii. The online counseling shall be merit based and the compiled requirement shall be provided by Medical Education and Health department.
- iii. A merit list of candidates based on their Qualifying final post graduate examination shall be made from different universities and same shall be considered for allotment based on the priority entry by the candidate
- iv. Process of online options entry and allotment:
  - 1) The candidate may select the department – Medical Education / Health, the District/Institute of his choice among the displayed options at the time of entry of options.
  - 2) The candidate will have the choice to add or remove priority for all the districts to which he is interested in, irrespective of the vacancy in the order of priority.
  - 3) The order of priority can also be re arranged or deleted until the last date and time. After the last date there is no scope to enter or reorder or delete options.
  - 4) Therefore, all the candidates are hereby informed to enter their priority of options irrespective of the number of vacancies shown against a particular District/Institute.
  - 5) Candidates are advised to enter any number of options to avoid any disappointment of being posted Suo moto (from the existing vacancies).
  - 6) After the compilation of all the priorities and based on the merit list, the candidates' order will be notified.
  - 7) Once allotment process is complete there is no scope for any change of allotment.
  - 8) The allotment logic/module/system follows the Merit of the candidate along with the entered options and priorities given by the candidate.

For example:

If he/she entered Options with the priorities as given below, then the system would check the vacancy availability as per the merit & priorities and allot the postings, if it is available.

For Eg: Subject Medicine  
Priority 1- Kolar (HFW)  
Priority 2 – MMCRI  
Priority 3 – VIMS  
Priority 4 - BMCRI

**Scenario 1** (Higher merit): the system would check the vacancy for the above four options one by one starting from the priority No. 1 to 4 in order and would allot based on the availability. Assume that the candidate is having required merit to avail any vacancy of the above four priorities including the Priority no. 3 or 4. The system would allot only against option/priority No. 01 as vacancy is available as per his merit. This candidate will be allotted Priority 1. He will not be considered for the remaining priorities.

**Scenario 2** (Medium merit): the system would check the vacancy for the above four options one by one starting from the priority No. 1 to 4 in order and would allot based on the availability. Assume that the candidate is having medium merit. If the higher merit candidate has been allotted priority 1 and there are no further vacancies in that institute then the system would allot only against option/priority No. 02 as vacancy is available. This candidate will be allotted Priority 2. He will not be considered for the remaining priorities.

#### **8. Calendar of Events**

- |      |                                      |  |
